

## About Green Home Solutions

Green Home Solutions is a national franchise brand dedicated to improving indoor environments through science-based, environmentally responsible solutions.

The company's services include mold inspection, remediation, odor removal, and indoor disinfection—each designed to protect people, pets, and property while promoting cleaner, healthier air.

Using EPA-registered, plant-based products and proven treatment protocols, Green Home Solutions eliminates mold and indoor pollutants safely and effectively.

With locations nationwide, Green Home Solutions continues to set the standard for healthier homes and workplaces. Learn more at [www.greenhomesolutions.com](http://www.greenhomesolutions.com).
