UFA'S CORE BUSINESS UNITS

AGRIBUSINESS

UFA's AgriBusiness offerings are provided through amalgamated retail and commercial operations. 34 Farm & Ranch Supply stores serve rural Alberta communities providing the products and services farmers and ranchers need to get the job done.

AgriBusiness also provides expertise on commercial crop management, production, and storage. The offering includes crop inputs (seed, crop protection products, and fertilizer), grain storage, grain drying equipment, and farm structures.

Agribusiness operates 6 fertilizer plants in Alberta, each co-located with other UFA sites. UFA has 40 Customer Account Managers (CAMs) located throughout Alberta, who specialize in crop management and production, livestock production, and farm structure construction.

Livestock Services supports livestock customers and members, including feedlots, by providing inputs and supplies. UFA is the exclusive Canadian distributor of Micro Technologies®, a micro-nutrient technology that optimizes feed efficiencies for feedlot producers, in addition to offering superior traceability. UFA is also the exclusive Canadian distributor of HerdWhistle™, a revolutionary livestock monitoring system that reduces herd mortality rates by twenty-five per cent (25%).

PETROLEUM

UFA Petroleum provides business solutions through an extensive network of petroleum sites comprised of one hundred eleven (111) bulk fuel and cardlock operations managed by our network of UFA Petroleum Agents in Alberta, British Columbia and Saskatchewan.

Petroleum Agents sell a variety of products including over-the-counter packed lubricants, filtration supplies and other packaged goods that meet the demands and seasonality of the customers and communities in where our Agents live and work.

UFA has the largest Cardlock network in Alberta, even reaching locations in part of B.C. and Saskatchewan. UFA is also the exclusive distributor of Diselex Gold®, a precision blended diesel fuel engineered to improve performance through restoring lost horsepower, improving fuel efficiency and protecting today's sophisticated fuel systems.

UFA also owns and operates the following subsidiaries:

BAR W

A diverse contracting and service company supporting two major industry sectors in Alberta, the Industrial/Commercial Electrical Industry, and the Downstream Petroleum Industry.

ALL PEACE PETROLEUM

Head-quartered in Grande Prairie, Alberta, All Peace operations are focussed on downstream maintenance, calibration and construction as well as a tank sales, rental and mobile cardlock solutions business.

WILLIAMS PETROLEUM

A complementary downstream maintenance and construction service provider headquartered in Prince George, B.C.

UFA DISTRIBUTION CENTRE

Products sold at the Farm & Ranch Supply stores and Petroleum Agencies are supported by a UFA-operated distribution center located in Red Deer, Alberta.

SUPPORT OFFICE

Provides environment, health and safety; innovation; sustainability; facilities; finance; information technology; human resources; risk management; real estate services; fleet services; and marketing functions.

COMMUNITY INVESTMENT

UFA IS PROUD TO GIVE BACK TO THE COMMUNITIES WHERE ITS MEMBERS LIVE AND WORK THROUGH A ROBUST COMMUNITY INVESTMENT PROGRAM GUIDED BY 3 PILLARS:

ENGAGE > ENRICH > EDUCATE

400+ COMMUNITY ORGANIZATIONS SHARED IN OVER \$800K FROM UFA IN 2021.
Initiatives supported youth, building agricultural awareness, and providing community outreach.
