

Who are we? What do we do?

1.

We work for organisations and institutions that aim to implement international projects in the fields of education, training, youth policy, and sports.

We support the development of skills and competences, building partnerships between institutions, and reforming education systems.

2.

We act as the National Agency for the Erasmus+ Programme and the European Solidarity Corps.

We manage calls for proposals, oversee project funding, and represent Poland on the international stage.

Erasmus+
Enriching lives, opening minds.

EUROPEAN UNION

3.

International Erasmus+ projects are at the heart of our activities. Through them, we support the development of competences among pupils, students, and other groups.

4.

The European Solidarity Corps – as the name suggests – focuses on solidarity and volunteering activities. The projects involve young people, allowing them to gain valuable experience and develop their competences through work for local communities.

**EUROPEAN
SOLIDARITY
CORPS**

THE POWER OF TOGETHER.

5.

We coordinate the eTwinning platform for teachers, enabling them to run international educational projects and benefit from a wide range of online training opportunities.

The main idea? Introducing the latest solutions in working with pupils. The eTwinning community is growing steadily and now includes schools from over 40 countries. It is based on online collaboration using new technologies.

6.

We manage six projects under the European Funds for Social Development (FERS) programme. Two of these provide funding for student and staff mobility from Erasmus+ reserve lists (school education and vocational training). Moreover, we undertake a range of activities aimed at exchanging experiences and good practices between regions to improve education policy for lifelong learning.

We also coordinate activities to exchange experiences and best practices between regions to improve education policy in the field of lifelong learning.

European Funds

In the latest FERS projects, we support young people experiencing mental health crises through peer support and provide students with scholarships for extracurricular activities. The latter initiative is aimed at teenagers from the most disadvantaged families.

7.

We organise youth exchanges with Lithuania and Ukraine to strengthen neighbourly ties and break stereotypes. Through the Eastern Europe and Caucasus Resource Centre (SALTO), we support youth programmes in this region.

international educational projects*

8.

On the eurodesk.pl website and through the Eurodesk Poland network, we provide information about programmes, training sessions, internships, contests, projects, and other forms of international activities.

We co-create the European Youth Portal and the Youth Wiki platform dedicated to EU youth policies.

10.

We encourage young people to improve their professional skills by participating in international EuroSkills and WorldSkills competitions.

11.

We promote European initiatives in vocational education, and support the Polish sectoral education system and Erasmus+ beneficiaries in organising educational mobility, as well as in building effective partnerships for cooperation and excellence.

12.

europass

We promote and develop modern tools for the professional presentation of skills on the labour market.

13.

euro|guidance

We support career guidance and cooperate with experts from the labour market and education sector.

14.

RPI

Regionalne Punkty Informacyjne
Narodowej Agencji Programu Erasmus+
i Europejskiego Korpusu Solidarności

At FRSE, we coordinate Regional Information Points (RPI) located in fifteen voivodeships. This allows us to reach even the smallest towns and encourage participation in educational programmes

15.

Erasmus+
InnHUB

Erasmus+ InnHUB Innovation Centres are FRSE offices operating in various regions of Poland, aimed at promoting European education programmes, supporting interdisciplinary cooperation, and promoting the Erasmus+ and ESC offerings among various groups – from educational institutions and local governments to NGOs and businesses

16.

We also organise various competitions, as we always value and reward the most innovative projects by our beneficiaries.

17.

Each year, we issue dozens of free publications. These will give you a better understanding of the opportunities offered by the Erasmus+ programme and other projects we manage. We also encourage you to read academic research papers and journals. All publications are available online on the FRSE Publishing website.

18.

We conduct educational research and analyse the outcomes and benefits of funded projects.

In the Eurydice Network, we collect and publish detailed information on European education systems: their characteristics, legal frameworks, and reforms. You will find them in reports, data visualisations and detailed descriptions on the Polish Eurydice Unit website.

19.

We offer international training courses (TCA) for Erasmus+ beneficiaries, enabling them to enhance their qualifications, exchange experiences, and establish project collaborations.

20.

We co-create the Electronic Platform for Adult Learning in Europe (EPALE) – a community of adult educators, trainers and researchers

We invite all institutions and organisations active in the fields of education and training to implement joint projects: preschools, primary and secondary schools, universities, as well as institutions working with adults and youth in non-formal education.
