KING’s Pass: More Games, More Value, More Savings, Every Month

Kinguin is launching its new subscription plan called KING’s Pass, perfect for all those budget-savvy gamers, creators, shoppers and especially their wallets. For one flat fee, members get instant access to exclusive drops like AAA games for just 1 EUR, discounts up to 25% and gifts they keep forever (yes, they stay with you even when the subscription ends).

Here’s what you get the second you subscribe:

- **KING’s Discounts** - Save up to 25% off across thousands of games, software, DLCs, hosting, in-game and lifestyle items. That also includes discounts on prepaid cards. Imagine funding your next adventure with a discounted Airbnb gift card. Your wallet will thank you.
- **KING’s Drop** - Every few weeks, we drop insane deals on brand-new or popular games for members only. Think Wuchang: Fallen Feathers for the price of a coffee.
- **KING’s Gift** - Get a cool free gift right when you sign up. A proper welcome from our King. Knowing his vault, it might even be a game you’ve been eyeing for a while.
- **KING’s Premium Deals** - Privileged access to premium offers on the hottest products, exclusively tailored to your royal taste.
- **Keep What You Earn** - Unlike other subs, the games and gifts you get with KING’s Pass are yours for life, even if you cancel later. No take-backs, the treasure is all yours!
- **Be the First to Play** - Get priority access to upcoming pre-orders and limited-time offers before anyone else.
- **KING’s Support** - Dedicated support team that treats your every request with VIP priority, ready to assist their King.
