

Conference Forum Programme

Day 1: Tuesday, 2nd December 2025

Time	Session Title	Presentation Title	Speaker	Job Title	Company
09:20 - 09:30	Conference Opening		Gemma Hardy	Managing Director	Fluency
09:30 - 10:30	Advanced Materials and Joining Technologies for High-Performance Composite Manufacturing		Gerry Boyce	Director	METOL
		Advancing Structural Adhesives in Composites	Jessy Bridier	Business Development Manager	Sika
		TBC	Ben Hargreaves	Sales Area Manager	LATI
10:30 - 11:30	Innovations in Composite Bonding and Assembly	Unlocking the Potential of Paste Adhesives for Composite Aerospace Applications	Juan Abad Zapatero	Customer Engineer	Syensqo
		Adhesive Bonding of Structural Joints in Aerospace	Patrick Sullivan	Research Engineer	GKN Aerospace
		Project ASPIRE: Sustainable, high rate preforming using TFP	Sarthak Mahapatra	Project Engineer	Carbon ThreeSixty
11:30 - 12:30	Building a Resilient Supply Chain for a Sustainable Future	Read to Commit?	Simon Smith	Business Development Director	Brookhouse Aerospace
		Is the convergence of supply chain resilience, sovereignty, and circularity the spark for a truly circular European economy?	Miguel Lopez	Senior Consultant	Roland Berger
		Security of Supply	Chris Skinner	Vice President of Strategic Marketing and R&D	Owens Corning
12:30 - 13:30	Design Intelligence and Advanced Materials for Future Flight	High-Throughput and Lightweight Composites for Next-Gen Aero-Structure and Advanced Air Mobility	Mohit Sharma	Research Scientist	A*STAR Singapore
		Challenges and Opportunities for AI in composite airframe design	Jamie Snudden	Sales Director	Plyable
		TBC			
13:30 - 14:30	The Pitching Zone: Start-Up Finalists				
14:30 - 15:00	KEYNOTE: Sustainability		Chris Skinner		Owens Corning
15.00 - 16.00	PANEL: Sustainability or Spin? The True Cost of Composite Recycling		Gareth Davies		Cygnnet Texkimp
			Damian Cessario	CEO	V Carbon
			Ginger Gardiner		
			Frazer Barnes	CTO	Gen 2 Carbon

Conference Forum Programme

Day 2: Wednesday, 3rd December 2025

Time	Session Title	Presentation Title	Speaker	Job Title	Company
10.00 - 11.00	Recycling	Proxima DCPD Thermoset Resin Systems Low Viscosity - Low CFP - Options to Recycle	Daniel Bien	Senior Business Development Manager	ExxonMobil
		Chemical Recycling of Composites	Harry Miller	Product Director	Uplift 360
		A Waste managers Perspective of Composites	Thomas Merry	Commercialisation & Innovation Manager	Suez R&R UK
11.00 - 12.00	Automotive	Inside the Build: How Composites Drive Performance at Williams Racing	Maria Brooks	Senior R&D Engineer - Special Projects	Williams Racing
		How Composites Can Support the Net-Zero Transition	Frederic Sicard	Technical Specialist	JLR
			TBC		
12.00 - 12.30	KEYNOTE	How to Get Featured in the Press	Ginger Gardiner	Senior Technical Editor	Composites World
12.30 - 13.30	PANEL: Women in Composites		Marcy Offner	Preseident	Women in the Composites Industry
13.30 - 14.00	Constructing the Future: How Composites Compete Worldwide	Building the Future: Composites at Giga-Scale in NEOM	Mjed Hashem	Lead Materials Engineer	NEOM
			Julien Sellier	Managing Director	STRUCTeam
			TBC		
14.00 - 15.00	Keynote	Preparing to Exit			
15.00 - 16.00	PANEL: Are We Automating People Out of Composites		İlkay Özkısaoglu	DER Social CEO	Composites Lounge
			Tom Chatterley	Business Development Manager	Airborne
			TBC
