For Immediate Release

ICS 2025 Programme Announced: Keynotes from Owens Corning, CompositesWorld, and NEOM headline London Summit

The International Composites Summit (ICS) has unveiled its 2025 conference programme, setting the stage for two days of insight and innovation at The Drum at Wembley, London, 2–3 December 2025.

This year's event features a powerful line-up of global industry leaders, including Chris Skinner, Vice President of Strategic Marketing and R&D at Owens Corning; Ginger Gardiner, Senior Technical Editor at CompositesWorld; and Mjed Hashem, Lead Materials Engineer at NEOM, the future in design and construction.

ICS is also delighted to welcome Marcy Offner, President of Women in the Composites Industry, to the UK for the first time. Marcy will lead the Women in Composites Panel on Day 2, exploring diversity and leadership across the sector.

"ICS 2025 is all about connecting the global composites ecosystem," said Katie Homes, ICS Events Manager. "From Owens Corning and NEOM to Williams Racing and JLR, our speakers represent the full spectrum of innovation driving the industry forward."

Highlights from the 2025 Programme

Across two days, the ICS Conference Forum will cover key themes including sustainability, automation, future flight, and recycling, alongside The Pitching Zone for start-ups and innovators.

Across two days, the ICS Conference Forum will explore the trends shaping the future of composites, from advanced materials and sustainability to automation, design intelligence, and construction at giga-scale. The programme features keynote sessions from leading global voices, including Chris Skinner (Owens Corning), Ginger Gardiner (CompositesWorld), and Mjed Hashem (NEOM), alongside panels and presentations from pioneering organisations such as Williams Racing, JLR, and GKN.

Now in its fifth year, ICS continues to evolve as the UK's only dedicated composites event, focused on real-world business outcomes. Designed to bring together investors, OEMs, Tier 1s, and innovators, the event features a curated conference, sponsor meeting suites, and structured networking sessions to drive meaningful connections.

ICS 2025 is free to attend for visitors and designed for commercial impact for exhibitors and sponsors.

About the International Composites Summit (ICS):

The International Composites Summit (ICS) is a global platform for accelerating growth, investment, and innovation in advanced materials. Organised by **Composites Connections**, a platform of **The Fluency Business Group Ltd**, ICS brings together the full composites supply chain, from material innovators and start-ups to OEMs, Tier 1s, and investors.

With its UK-based flagship event and international Innovation Hubs, ICS is designed to create commercial impact, foster strategic connections, and support companies in scaling their technologies and global reach. Focused on high-value networking, investor engagement, and applied innovation, ICS is where the future of composites takes shape.
